Approval of Minutes

The Minutes of the Board meeting held on December 17, 2009 were reviewed as well as an amendment to those Minutes. Following discussion, a motion was made by Dr. Rangswamy that they be approved along with the amendment. Seconded by Justice Graves, the motion carried.

Applications for Licensure

Following a review of the attached licensure items, the motion was made by Dr. Travis to approve the actions requested and authorize the issuance of the licenses noted on this list as amended (see attached). Seconded by Dr. Cassis, the motion carried.

Special Licensure Items

At today's meeting, the Board members noted that a number of applications for licensure had been submitted for approval, even though the Board has not yet received all background information. In accordance with Board policy, in order to facilitate the application process, the Board members voted on the merits of each of these applications based upon the information currently available. Policy further states that any vote approving such an application is expressly contingent upon the fact that when the missing information is received it is favorable.

In the following cases, the physicians' applications and supporting documentation were considered:

Jonathan M. Mosley, D.O. – Dr. Mosley is applying for a residency training license and does not meet statutory requirements. It took Dr. Mosley seven attempts to pass the second step of the Complex examinations, although the requirement is that a passing score must be achieved within four attempts. It was also noted that Dr. Mosley will not complete his first year of post-graduate training until July 1, 2010. He is requesting a waiver of this requirement and the one-year of training. Dr. Mosley was in attendance. After consideration, a motion was made by Dr. Travis to approve Dr. Mosley's request for a waiver but to issue him an Institutional Practice license. Seconded by Justice Graves, the motion carried.

William Y. Springer, M.D. – Dr. Springer is applying for a regular medical license and does not meet statutory requirements. He has one year of approved postgraduate training, and he is requesting a waiver of the two-year requirement. Following review, Dr. Gibson moved to approve Dr. Springer's request for a waiver and issue him a regular medical license. Seconded by Dr. Rangaswamy, the motion carried.

Thomas R. Thompson, M.D. – Dr. Thompson is applying for a regular medical license and does not meet statutory requirements. Dr. Thompson has four years of postgraduate training with the Department of Health and Human Services, but the Board was not able to determine whether this program was ACGME-approved. He is requesting a waiver of the requirement of two years of ACGME-approved postgraduate

training. Dr. Thompson is ABMS certified in Radiology. Upon discussion, Dr. Travis made a motion to approve Dr. Thompson's request for a waiver and issue him a regular medical license. Seconded by Dr. Rangaswamy, the motion carried.

Gary D. Webb, M.D. - Dr. Webb is applying for a regular medical license and does not meet statutory requirements. He has one year of postgraduate training at Royal Victoria Hospital that is LCGME-accredited. He has a second year at Toronto Western Hospital and four years at Toronto General Hospital. Toronto Western Hospital was unresponsive to FCVS's request, and there were no records available at the University of Toronto. Dr. Webb is requesting a waiver of the two-year LCGME-approved postgraduate requirement. After review, a motion was made by Dr. Gibson to approve Dr. Webb's request for a waiver and issued him a regular medical license. Seconded by Dr. Rangaswamy, the motion carried. Dr. Travis opposed the motion.

Vikas Dhawan, M.D. - Dr. Dhawan is applying for a regular medical license but does not meet statutory requirements. He is requesting a waiver of the two years of ACGME-approved postgraduate training. Dr. Dhawan completed 17 months of fellowship training at the Christine M. Kleinert Institute. Upon discussion, Dr. Briscoe moved to approve Dr. Dhawan's request for a waiver and issue him a regular medical license. Seconded by Dr. Hacker, the motion carried. Dr. Cassis, Dr. Berberich and Dr. Travis opposed the motion. Dr. Gibson abstained from voting.

Marcia Komlos, M.D. - Dr. Komlos is applying for a regular medical license and does not meet statutory requirements. She has completed one year of accredited training in the United States and is requesting a waiver of the two-year requirement. Dr. Komlos completed a one-year accredited pediatric radiology fellowship from 1/2/08 to 1/1/09, and she completed a one-year non-accredited Neuroradiology fellowship from 1/2/09 to 1/1/10. Prior to her training in the United States, Dr. Komlos completed a one-year transitional internship and a three-year diagnostic radiology residency in Brazil. After consideration, a motion was made by Dr. Travis to grant Dr. Komlos' request for a waiver and issue her a regular medical license. Seconded by Dr. Cassis, the motion carried.

Vinson M. DiSanto, D.O. - Dr. DiSanto is applying for a regular osteopathic license and does not meet the statutory requirements. He has completed one year of AOA-accredited training and is requesting a waiver of the two-year requirement. Dr. DiSanto was dismissed from medical school for academic reasons, but reported to the FCVS that he left medical school for personal reasons. He did not report this dismissal on his Kentucky application. Dr. DiSanto defaulted on a student loan in 1993, which resulted in his Medicaid/Medicare exclusion. His privileges were reinstated in 1996. Dr. DiSanto was in attendance and addressed the Board. Upon discussion, a motion was made by Dr. Gibson to grant Dr. DiSanto's request for a waiver and issue him a regular osteopathic license provided he enters into an Agreed Order of Fine. Seconded by Dr. Rangaswamy, the motion carried. Terms and conditions were provided to General Counsel.

Kelly Evans-Rankin, M.D. – Dr. Evans-Rankin is applying for a residency training license and meets statutory requirements. She was terminated from her original training program in Ohio in July 2008 and alleges that she was terminated due to her pregnancy. Following review, a motion was made by Dr. Travis to grant Dr. Evans-Rankin a residency training license. Seconded by Dr. Briscoe, the motion carried.

John E. Carlson, M.D. – Dr. Carlson is applying for a regular medical license and meets statutory requirements. He did not disclose that he was placed on academic probation at the Mayo Clinic due to poor interrelations with other people, and he was not promoted to PGY 3. Dr. Carlson was also placed on administrative leave from Ohio State University in December 2008 while a complaint was being investigated related to a conflict with a hospital staff member. He resigned in 2008 but was granted privileges at Ohio State University Medical Center in May 2009. Dr. Carlson was terminated from his contractual employment with Kettering Network Radiologists, but no action was taken on his privileges by Kettering Medical Center. Dr. Carlson has had four dismissed malpractice suits with no money paid on his behalf. After consideration, Dr. Berberich made a motion to grant Dr. Carlson a regular medical license provided he enters into an Agreed Order of Fine. Seconded by Dr. Rangaswamy, the motion carried. Terms and conditions were provided to General Counsel.

Hadi Abu Rasheed, M.D. - Dr. Rasheed is applying for a regular medical license and meets statutory requirements. Dr. Rasheed resigned from his program at the University of Arkansas on November 2, 2009 prior to being terminated following an investigation into complaints against him for sexual harassment. Dr. Rasheed's attorney was in attendance and addressed the Board. Following review, a motion was made by Dr. Briscoe to grant Dr. Rasheed a regular medical license. Seconded by Dr. Rangaswamy, the motion carried. Dr. Travis, Dr. Gibson and Dr. DePriest opposed the motion.

Richard C. Adler, M.D. - Dr. Adler is applying for a regular medical license and meets statutory requirements. Dr. Adler has not practiced clinical medicine since his position as a contract physician from October 2003 to 2006. Prior to 2003, Dr. Adler had not practiced clinical medicine since 1998. Since that time, Dr. Adler has worked as a consultant at his own managed care office, a Medical Director for a health care organization and a surveyor for Ambulatory Health Care. Dr. Adler was present and addressed the Board. After discussion, Dr. Hacker moved to approve Dr. Adler for a regular medical license upon his completion of an evaluation and mentoring program in pediatrics prepared by the University of Kentucky and the Commissioner of the Department for Public Health. Seconded by Dr. Berberich, the motion carried.

Daniel M. Greenwald, M.D. - Dr. Greenwald is applying for a regular medical license and meets statutory requirements. Dr. Greenwald entered into a Consent Order with the New Jersey Board on 12/23/93 for inappropriate prescribing. On 07/31/95 Dr. Greenwald entered into a Consent Order with the New York Board as a result of the New Jersey action. On 11/9/09 the North Carolina Board granted Dr. Greenwald a license under a non-disciplinary Consent Order based on the actions taken by the New Jersey Board. Dr. Greenwald has three malpractice suits. Two have settled with

nothing paid on his behalf; and the third case is still open. Dr. Greenwald was in attendance. Upon review, a motion was made by Dr. Gibson to grant Dr. Greenwald a regular medical license. Seconded by Dr. Travis, the motion carried.

Kevin D. Rittger, M.D. - Dr. Rittger is applying for a regular medical license and meets statutory requirements. Dr. Rittger voluntarily surrendered his Alaska medical license with the understanding that an audit was being conducted regarding his compliance with Alaska CME requirements. When renewing his Texas medical license, he did not disclose the above and the Texas Board issued an Administrative Agreed Order and a fine. The California Board issued a Citation Order and a fine due to the Texas action. Dr. Rittger had a malpractice case that settled in 2004 for \$700,000 and another in May of 2005, which was dismissed with prejudice and no payment on his behalf. Dr. Rittger was in attendance. Following discussion, Dr. Gibson made a motion to grant Dr. Rittger a regular medical license. Seconded by Dr. Rangaswamy, the motion carried.

Lawrence L. Young, M.D. - Dr. Young is applying for a regular medical license and meets statutory requirements. Upon receipt of the HIV Certificate of Completion and the FBI background check his application will be complete. Dr. Young was charged with tax evasion in December of 1999. He was sentenced to three years probation, which ended in April of 2003. Due to that felony, the Ohio Board placed him on probation for three years, which was terminated in September of 2003. The Arizona Board mirrored the Ohio Board action, and his probation there was terminated in November of 2003. Dr. Young had one malpractice case that settled in 2003 for \$440,000; a malpractice case that settled in August of 2001 with no payment made on his behalf; and three other malpractice cases in 1996, 2002 and 2009, which were dismissed. Dr. Young is ABMS certified in Internal Medicine. After consideration, Dr. Briscoe moved to grant Dr. Young a regular medical license. Seconded by Dr. Rangaswamy, the motion carried.

James G. Bova, D.O. - Dr. Bova is applying for a regular osteopathic license and meets statutory requirements. He has one malpractice suit that settled in 2008 in the amount of \$200,000. Upon review, a motion was made by Dr. Gibson to grant Dr. Bova a regular osteopathic license. Seconded by Dr. Anderson, the motion carried.

Kevin M. Ziegler, M.D. - Dr. Ziegler is applying for a regular medical license and meets statutory requirements. Upon receipt of the FBI background check Dr. Ziegler's application will be complete. Dr. Ziegler tested positive for several controlled substances and withdrew his application for clinical privileges at St. Elizabeth in September of 2009. His license application was presented to the Board in September of 2009 as a regular applicant and was approved; however, it was never issued because the Board never received his FBI background check. St. Elizabeth reported their action to the Board, and it was discovered that he did not disclose his issues with substance abuse on his application. As a result, his temporary permit was cancelled and an investigation was initiated. The Board reviewed an Investigative Report from Ms. Betty Prater, Board Investigator, along with supporting documentation. Dr. Jennings was in attendance and addressed the Board. After discussion, a motion was made by Dr. Travis to grant Dr. Ziegler a regular medical license provided he enters into

an Agreed Order. Seconded by Dr. Briscoe, the motion carried. Terms and conditions were provided to General Counsel.

Other Licensure Matters (None)

Executive Session

A motion was made by Justice Graves that an Executive Session be called in order to deliberate matters exempt from the Kentucky Open Records Act. Seconded by Dr. Berberich, the motion carried. Following the Executive Session, a motion was made by Dr. Gibson to return to open session. Seconded by Dr. Cassis, the motion carried.

Kentucky Physicians Health Foundation

The Kentucky Physicians Health Foundation provided an expense report for its Second Fiscal Quarter. Also reviewed were the Current Case Statistics, the Cash Flow Statement from October 1, 2009 through December 31, 2009, and Minutes from the November 17, 2009 Board of Directors meeting. Questions from the Board were addressed by Dr. Jennings, and all items were accepted for information.

Recommendations of Board Committees/Council

Physician Assistant Advisory Committee

The Physician Assistant Advisory Committee met on February 4, 2010 and submitted the attached list of recommendations (see attached). Following review, Dr. Gibson made a motion to approve recommendations one through nine as presented. Seconded by Dr. Cassis, the motion carried.

The Minutes of the Committee's November 5, 2009 meeting were accepted for informational purposes.

State Council on Athletic Trainers

The State Advisory Council on Athletic Trainers met on February 3, 2010 and the attached recommendations were reviewed by the Board (see attached). Following review, Dr. Gibson made a motion to approve the recommendations as presented. Seconded by Dr. Cassis, the motion carried.

The Minutes of the Council's November 4, 2009 meeting were accepted for informational purposes.

Surgical Assistants Advisory Committee

The Kentucky Advisory Committee for Surgical Assistants met on February 4, 2010 and submitted the attached list of recommendations for the Board's review (see attached). Following review, Dr. Gibson made a motion to approve recommendations one and two as presented. Seconded by Dr. Cassis, the motion carried.

The Minutes of the Committee's November 6, 2009 meeting were accepted for informational purposes.

Acupuncture Advisory Committee

The Committee has not met since the last Board meeting; therefore, there were no Recommendations to be approved.

The Minutes of the Committee's December 16, 2009 meeting were accepted for informational purposes.

Old Items

CME Summary

Board members reviewed the attached summary of CME audits completed from April 1, 2009 to March 1, 2010. It was noted that 4% of physicians have been audited to date, 195 extensions have been granted and \$22,100 has been collected in fines. This was submitted for informational purposes.

New Items

David Suetholz, M.D. Letter, i.e. Suboxone Education

Correspondence was received from David Suetholz, M.D in which he noted that as a primary care physician he has become aware of the increase in drug addiction and drug-related deaths in his area. He said that many of his patients have attempted to deal with their addiction by participating in a methadone program, but unfortunately they become addicted to the methadone. Over the past several years he has successfully treated dozens of narcotic addicts with Suboxone, and he is asking the Board to consider encouraging more physicians to participate in the Suboxone Program. After discussing Dr. Suetholz's letter, it was the consensus of the Board to send him a letter thanking him for his concern regarding this issue.

Request from American Board of Interventional Pain Physicians (ABIPP)

The Board has received a letter from the American Board of Interventional Pain Physicians (AB IPP) asking to be formally recognized as a board-certified entity. Following discussion and in accordance with 201 KAR 9:018, Dr. Nunnelley appointed a Subcommittee consisting of Dr. Berberich, Justice Graves, Dr. DePriest, Dr. Travis and Mr. Vest to study this request and submit their findings to the Board.

Professional Boundaries, Inc. Letter

The Board received correspondence from the Program Coordinator of Professional Boundaries, Inc. requesting that our Board offer their remedial education courses as an

option for disciplined physicians when their Orders stipulate mandatory education. Board members reviewed background information on their program, and after consideration a motion was made by Dr. Gibson to defer action on this request pending further review of the Professional Boundaries, Inc. program. Seconded by Dr. Briscoe, the motion carried.

Legislative Summary

Mr. Rodman, Assistant Executive Director, submitted a Legislative Summary of Bills currently before the 2010 General Assembly for the Board's review. Dr. Nunnelley gave a verbal report on how some of the bills that, if passed, would affect the Board. This was accepted for informational purposes.

DEA Prescription Requirements

Dr. Gibson discussed with the Board DEA's requirements for written prescriptions, particularly as it relates to nursing home settings. The Board also reviewed a copy of 21 CFR 1306.21 and 1306.22. Following discussion, it was the consensus of the Board to accept this as information.

2010 License Renewal Update

Board members reviewed an Annual Reregistration Report outlining the renewal activities for 2010. It was noted that as of March 3, 2010, 13,711 physicians had registered their license for 2010, which is 560 more than for the same time last year. This was provided for informational purposes.

Appointment to Subcommittee Reviewing KPHF Finances

A Subcommittee was formed at the September 2007 Board meeting for the purpose of studying the funding issues of the Kentucky Physicians Health Foundation. Members appointed to that Committee were Dr. Susan Berberich, Dr. Russell Travis and Dr. Linda Mumford. Mr. Mike Rodman staffs the Subcommittee. As a result of Dr. Mumford not being reappointed to the Board, a new Subcommittee member needs to be appointed. Upon consideration, a motion was made by Dr. Travis to appoint Dr. Cassis as a member of the Subcommittee. Seconded by Dr. Briscoe, the motion carried.

Contract Renewals

The following contracts for fiscal year 2009 were submitted to the Board for approval:

- Kentucky Physicians Health Foundation
- CHFS – Drug Control
- Executive Director
- Board Consultants

Following discussion, Dr. Hacker moved to approve the contracts with the Kentucky Physicians Health Foundation, CHFS-Drug Control, the Board's Executive Director and

Board Consultants under the same terms and conditions as the past fiscal year. Seconded by Dr. Travis, the motion carried.

Federation of State Medical Boards

Submitted for the Board's review was information regarding the Federation's annual meeting to be held in Chicago on April 22 through April 24, 2010. Those attending this year's meeting will be Dr. Nunnelley, Dr. Buser, Justice Graves, Mr. Vest and Mr. Rodman. The Board also reviewed information regarding changes being made in SPEX, which is in response to concerns about the currency and relevance of the exam. These matters were presented for informational purposes.

Other Items (None)

Date of Next Meeting

The next meeting of the full Board will be held on June 24, 2010 at 9:30 AM.

Adjournment

There being no further business for discussion, the motion was made by Justice Graves and seconded by Dr. Berberich that the meeting be adjourned at 12:00 pm. The motion carried.

The following matters are exempt from open records pursuant to KRS 3.619.

Executive Session

General Counsel's Report

The Board reviewed Mr. Vest's report on cases since the Board last met in December 2009. This report detailed court rulings from US District Court and Jefferson Circuit Court. Legal proceedings since the last Board meeting were also considered and included Complaints finally resolved by Panels, cases resolved without a Complaint and Complaints issued since the last Board meeting. The current status of caseload was also reviewed. Following review and discussion, this report was accepted for informational purposes.

Investigations Department Reports

Board members reviewed reports submitted by the Investigations Department. The first report detailed investigations and supervision cases from January 1 through February 2010. The second report outlined investigations that have been open for over one year. The third report detailed sexual misconduct cases. The following report indicated physicians who are currently part of the Board's diversion program. The next report listed all open investigations, and the last report outlined all pending supervision cases. All reports were accepted for information.
